1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted within the time period set forth in the final Office action.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action.

DETAILED ACTION

Response to Amendment

The amendment filed 11/22/2004 is objected to under 35 U.S.C. 132 because it introduces new matter into the disclosure. 35 U.S.C. 132 states that no amendment shall introduce new matter into the disclosure of the invention. The added material, which is not supported by the original disclosure is as follows: the added material that as shown in figure 4, the spaces between fins are substantially even. This added material is not supported by the original disclosure since it is clearly shown in figure 4 that at least spaces between two fins (415) in the middle section are not substantially even. Figure 4 shows that spaces of fins in theses area has larger ends and a narrow mid-section.

Applicant is required to cancel the new matter in the reply to this Office Action.

The reply filed on 11/22/2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicants indicate that the re-written paragraphs should replace paragraph at page 8, beginning on lines 6, 10 and 14 and further more at page 12, beginning on line 16. However, the replacement of the new paragraphs does not appear to be correct since the replaced paragraph is also needed to support the invention. For example, at page 12, beginning on line 16, the replaced paragraph is a description of figure 5 and there would be two brief descriptions of the drawing if the amendment was entered. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
